the need for students
o understanding of the value of the neurosciences
o and the damaging effects of illicit drug use
the mechanisms of addiction and the scientific and ethical basis of animal based drug abuse research
o is critical to creating a better future for our children
from the introduction this innovative middle school curriculum presents 10 comprehensive ready to use lessons about contemporary real world issues involved in drug use and abuse

there is no handbook for someone who needs a liver transplant much less one for her caregivers
maneuvering through relationships with the medical community can be daunting for someone who is well
nearly impossible for someone who is gravely ill
karen s liver failure and related side effects were growing worse every day
karen s sister penny moved in and things improved for a while as they waited for news of a transplant
when penny s health began to decline the author stepped in for what she thought would be a week or two
alongside her husband who is karen s brother the two found themselves in an unexpected role of reluctant default caregivers

who's the new kid in chemistry offers an unprecedented look at student engagement and teacher best practices through the eyes of an educational researcher enrolled as a public high school student over the course of seventy nine consecutive days john d butler participates in and observes rhode island 2013 teacher of the year jessica m waters's high school chemistry class documenting his experiences as they unfold who's the new kid in chemistry is a compelling example of what can be accomplished when an educational researcher and teacher collaborate in the classroom this work includes a discussion on flexible homework assignments data driven instruction and thirty teacher best practices this book is an invaluable resource for teachers across all content areas masters and doctoral research method classes and future teachers of the year

on the verge of losing her laboratory her savings and all respect for herself pandora penny yee lands her first contract as scientific consult to the police department and with seventeen murder cases on the go the surly inspector is happy to leave her to it only she's going to need to get around and that means her slightly unhinged adopted brother matiu will be doing the driving but something about the case spooks matiu something other than the lack of a body in the congealing pool of blood in the locked room or that odd little bowl matiu doesn't like anything about this case from the voices that screamed at him when he touched that bowl to the way his hateful imaginary friend makere has come back to torment him to the fact that the victim seems to be tied up with a man from matiu's past a man who takes pleasure in watching dogs tear each other to pieces for profit and entertainment hounds of the underworld blends mystery near future noir and horror set in new zealand it's the product of a collaboration by two kiwi authors one with chinese heritage and the other māori this debut book in the path of ra series offers compelling new voices and an exotic perspective on the detective drama

sheila and doug berry provide provocative answers to many questions surrounding a 1994 murder in this riveting journey through a wilderness of errors
